

AS AIA MIAMI MOVES INTO IT'S **96TH** YEAR OF SERVING AIA MEMBERS AND THE COMMUNITY, WE RECONFIRM OUR COMMITMENT TO OUR PROFESSION, OUR PARTNERS, OUR ENVIRONMENT

ADVOCACY

Now more than ever, the collective voice of architects is essential for designing a better future for our country and planet. Even in times of change, AIA's values remain constant. We are at the table with policymakers who are committed to a better built environment and a prosperous architecture profession.

ECONOMICS

Each day AIA members across the country and throughout the world create places where people live and learn, work, and play. We design hospitals that heal us and houses of worship that sustain us. We create next generation energy-saving buildings to make our communities healthier and safer. All the while, architects work with clients and allied design professionals and construction partners to improve the built environment in a \$1 trillion sector that accounts for almost 6 percent of the economy.

EQUALITY

Architecture is about humanity and improving the human condition. AIA's 'Guides for Equitable Practice' are a vital part of AIA's long-term commitment to lead efforts that ensure the profession of architecture as diverse as the nation we serve.

OUR VALUES

AIA is the largest, most influential network of architects and design professionals. That's 96,000+ members who share a **passion for design**, a **desire to change the world**, and a **commitment to the highest standards** of practice.

EDUCATION

Education is a life-long pursuit and does not end when you graduate. AIA Miami supports you with numerous educational options that range from required health, safety & welfare credits, to over 25 lunch & learn opportunities per year.

We help provide the knowledge and confidence to prosper in today's rapidly evolving marketplace.

AIA MIAMI MEMBERSHIP VS. AIA ANNUAL PARTNERSHIP

We are unveiling a new way of organizing our sponsorship dollars to make the most of budgeting our year of successful AIA MIAMI programming and events. Our goal is to maximize our partners' exposure to our members and to encourage open dialogue and networking opportunities.

The majority of your Annual Partnership dollars go to fund AIA Miami's educational, research, programming and networking initiatives throughout the calendar year. In 2024 we had over 175 events, classes, and committee meetings.

Your contribution allows us to maintain our chapter on a day-to-day basis, keep up communication with our members, manage our website, support lobbyist efforts, strategic planning efforts and much more!

We would like to recognize and thank our Chapter Sponsors for for your annual and individual event , donations, your commitment to this organization is invaluable, and we thank you for your continued efforts.

Please note that becoming an Annual Partner does not mean you are an AIA Miami member. Below are some of the key differences.

AIA MIAMI MEMBERSHIP

Membership dues are processed at a national level through AIA National Headquarters.

If you join the State of Florida AIA or any other chapter, you still need to join AIA Miami, to be an AIA Miami member.

To use the AIA designation, an architect must be a registered Architect and a member of AIA.

Involvement opportunities (chapter committee member or event volunteer) are available to both partners and AIA Miami members (AIA, Assoc. AIA, AIAS, and retired members)

ANNUAL PARTNERSHIPS

Sponsorship dollars are paid directly to AIA Miami.

Any company can become an AIA Miami Annual Partner. Our Partners come from many related fields, from Accounting to Engineering, to Construction companies.

Sponsorship and Annual partnership dollars directly benefit the AIA Miami community and members.

Annual Partner and Sponsorship benefits are set by AIA Miami Chapter

AIA National and other chapter membership benefits are not applicable to the AIA Miami chapter.

Annual partners may designate an employee to serve on event committees, and some of the working committees.
